

### Notes

1. You can only reply to callers within the same domain.
2. The same as a Do Not Disturb (DND) feature
3. Forward all calls to the phone you are currently using to call the system (Requires Confirmation)

x5000 can be used to dial into the voicemail system from any phone on the domain, you will be required to enter your extension and voicemail PIN.

x5001 can be dialed from your desk phone to skip the extension requirement, however, you will still be prompted for your PIN code for security reasons.
